

Resolution

Preamble

We support the "Rule of Law" and believe in upholding the law of the land.

Proper Role of Government

We support the Constitutional mandate to protect and secure our national borders.

Christian Nation. The Salt Lake County Republican Party affirms that the United States of America is a Christian nation, and the public acknowledgment of God is undeniable in our history. The Party affirms freedom of religion, and rejects efforts of courts and secular activists who seek to remove and deny such a rich heritage from our public lives.

National Sovereignty. The first right of a sovereign nation is to be secure within its borders. The national security and the future of our nation and the American people depend upon how well we defend our borders to preserve our national sovereignty.

Law Enforcement and Justice

Illegal Immigration. The Party opposes illegal immigration and all forms of amnesty, or legal status for illegal immigrants irrespective of program name or race. We support elimination of federal funding to cities that have "sanctuary laws" prohibiting local police from identifying and reporting illegal immigrants to federal authorities. The party supports adopting the federal 287(g) program into local police jurisdictions.

Voter Registration. The Party supports needed legislation to restore integrity to the voter registration rolls and to reduce voter fraud.

Social Needs

Family and Defense of Marriage. The Party supports the traditional definition of marriage as a God ordained, legal and moral commitment only between a natural man and natural woman, which is the foundation unit of a healthy society.

Illegal Benefits. We support the enactment of a "State Proposition" to stop the Utah taxpayer subsidies to illegal aliens.
